

Recovery of Transport Packaging

A customised solution as per §4 of the Packaging Ordinance.

Transport packaging ensures that your products arrive safely from point A to point B. After arrival, we make sure that the packaging is collected at the place where the waste occurs, and introduced into the recovered materials cycle. We also contact your collection sites personally, and are thus able to guarantee a customised disposal concept.

Our Services

1. We offer you complete coverage all across Germany.
2. We personally attend to your collection points and customers.
3. We are waste disposal partners of associations and producer organisations.
4. We implement transport-packaging solutions for entire industries.
5. We document the disposal in conformance with all legal requirements.

Your Benefits

- ✓ Customised, efficient solutions that we develop together with you
- ✓ Complete fulfilment of your waste disposal obligations
- ✓ High quality standards and ongoing quality improvements
- ✓ Market-conforming, sustainable pricing

Benefits for the Environment

- ✓ Preservation of resources due to increased recycling yields
- ✓ Less pollution caused by illegal waste disposal
- ✓ Protection of natural resources due to efficient recovery of secondary raw materials
- ✓ Reduction of climate-harming greenhouse gases
