We fulfil your collection and recycling obligations.

A systematic approach to success – as a supplier of goods, you are also obligated to take back your packaging from your trade and industry customers. Lawmakers have provided for several possibilities of how to implement this collection system, such as commissioning a custom-tailored system or disposal partner, collection on your own, or a bilateral agreement with the site where the packaging waste occurs. We provide extensive consulting, and team up with you to find the ideal solution.
