

Recovery of Retail Packaging

We fulfil your collection and recycling obligations

Custom-tailored, individual collection solutions require professional handling and many years of experience. With two dual systems and 14 industry solutions, the Reclay Group is one of the largest operators of collection solutions for retail packaging in Germany. We have been active in the recovery of packaging ever since the market opened up in 2002. Since then, we have taken back and recycled more than 3,500,000 million tons of our customers' retail packaging.

You, too, can benefit from our expertise!

Our Services

1. We offer you complete coverage all across Germany.
2. We personally attend to your collection points and customers.
3. We are waste disposal partners of associations and producer organisations.
4. We implement transport-packaging solutions for entire industries.
5. We document the disposal in conformance with all legal requirements.
6. If required we also arrange bulk collections with other system providers.

Your Benefits

- ✓ Personal customer care provided by experienced specialists

- ✓ Customised, efficient solutions that we develop together with you
- ✓ Complete fulfilment of your waste disposal obligations
- ✓ High quality standards and ongoing quality improvements
- ✓ Market-conforming, sustainable pricing

Benefits for the Environment

- ✓ Preservation of resources due to increased recycling yields
- ✓ Less littering
- ✓ Protection of natural resources due to efficient recovery of secondary raw materials
- ✓ Reduction of climate-harming greenhouse gases
